

Science Fair

April 25th 2025 🧪🚀

Passionate about science and innovation? Don't miss your chance to showcase your research at ScienceFair 2025! This is your opportunity to present groundbreaking ideas, connect with experts, and compete for exciting awards!

✨ Why Participate?

- ✓ Present your research to scientists & industry leaders
- ✓ Gain recognition for your innovative work
- ✓ Network with fellow young researchers & STEM enthusiasts
- ✓ Explore cutting-edge scientific breakthroughs

A science fair is an event where students present their experiments and results.

- Students choose a topic of interest
- They ask a question or form hypothesis
- They research the topic and conduct experiments to test their hypotheses
- They analyze the results and draw conclusions
- They present the results in a poster session or display
- Students can present their findings in a poster, model , or other display.
